### PROCLAMATION.

EXECUTIVE BUILDING,  
HONOLULU, H. I., January 7, 1895.

The right of WRIT OF HABEAS CORPUS is hereby suspended and MARTIAL LAW is instituted and established throughout the Island of Oahu, to continue until further notice, during which time, however, the Courts will continue in session and conduct ordinary business as usual, except as aforesaid.

By the President:

SANFORD B. DOLE,  
President of the Republic of Hawaii.

J. A. KING,  
Minister of the Interior.

1231-1f

GENERAL HEADQUARTERS, REPUBLIC  
OF HAWAII,  
ADJUTANT GENERAL'S OFFICE.

HONOLULU, Island of Oahu, H. I.,  
January 16, 1895.

SPECIAL ORDER No. 25.

ORDER FOR A MILITARY COMMISSION.

A Military Commission is hereby ordered to meet at Honolulu, Island of Oahu, on Thursday, the 17th day of January, A. D. 1895, at 10 o'clock a. m., and thereafter from day to day for the trial of such prisoners as may be brought before it on the charges and specifications to be presented by the Judge Advocate.

The Officers composing the Commission are:

1. Colonel William Austin Whit-  
ing, First Regiment, N. G. H.  
2. Lieutenant Colonel J. H. Fisher,  
First Regiment, N. G. H.  
3. Captain C. W. Ziegler, Compa-  
ny F, N. G. H.

4. Captain J. M. Camara, Jr., Compa-  
ny C, N. G. H.  
5. Captain J. W. Pratt, Adjutant,  
N. G. H.

6. Captain W. C. Wilder, Jr., Compa-  
ny D, N. G. H.  
7. First Lieutenant J. W. Jones,  
Company D, N. G. H.

Captain William A. Kinney, Aid-  
de-Camp on General Staff, Judge  
Advocate.

By order of the Commander-in-  
Chief.

(Signed) JNO. H. SOPER,  
Adjutant-General.

## NOTICE.

## The Daily Bulletin.

Pledged to neither Side nor Party  
but Established for the Benefit of All.

SATURDAY, JAN. 26 1895.

There is very little news in our  
British Columbia exchanges later  
than what was brought by the  
steamer China.

It is a mistake for the Star to say  
that in her letter of abdication the  
ex-Queen "asks for clemency for her-  
self." The document in terms waives  
any claim for personal consideration  
toward its author on account of her  
abdication.

France is in the throes of an alarm-  
ing crisis. The resignation of the  
President is a startling incident in  
the political struggle between the  
conservative factions and the radical  
factions. The plural is used ad-  
visedly for each party, because the  
curse of French politics is the ex-  
treme degree of party subdivision.  
It remains to be seen whether the  
President's resignation displays  
strength or weakness on his part.  
If he should stand for re-election  
and the conservative elements rally  
to his support, the result might be  
such as to have a paralyzing effect  
upon the anarchistic movement and  
redound in permanent good to the  
republic.

It does not appear as if the oriental  
war is quite so near a conclusion  
as there was reason in late news to  
suppose. China has still a good few  
men and ships to be hammered by  
her bellicose and vigorous enemy.  
There is good late authority for be-  
lieving that Peking will not be occu-  
pied by the invaders before spring.  
It will be almost wonderful if Euro-  
pean powers do not get into a snarl  
over the affair. Great Britain has a  
formidable fleet watching her vast  
interests in that quarter, and it is  
common speculation that Russia  
will on the break-up of winter dis-  
play some active interest on her  
own behalf.

When the Military Commission  
assumed its functions, its head officer  
announced that no newspaper com-  
ment upon its proceedings would be  
tolerated. This proper announce-  
ment would seem to preclude other  
than newspaper comment and every  
sort of interference. Petitions, or  
resolutions of meetings, for either  
clemency or severity, before sen-  
tences are announced and passed to  
the executive power, would seem to  
be rather in contempt of court. A  
government that is worthy of de-  
feuding with arms is certainly worthy  
of being entrusted with the interests  
of justice and its own protection.  
The Commission is a solemn tribu-  
nal and the Government, which will  
review its decisions, ought not to  
brook having it treated like a parish  
council.

### An Old Soldier's Recommendation.

In the late war I was a soldier in  
the First Maryland Volunteers, Com-  
pany G. During my term of  
service I contracted chronic diar-  
rhea. Since then I have used a  
great amount of medicine, but when  
I found that this would give me re-  
lief it would injure my stomach,  
until Chamberlain's Colic, Cholera  
and Diarrhea Remedy was brought  
to my notice. I used it and will say  
it is the only remedy that gave me  
permanent relief and no bad results  
follow. I take pleasure in recom-  
mending this preparation to all of  
my old comrades, who, while giving  
their services to their country, con-  
tracted this dreadful disease as I  
did, from eating unwholesome and  
uncooked food. Yours truly, A. E.  
Benson, Halsey, Oregon. For sale  
by all dealers. Benson, Smith & Co.,  
Agents for the Hawaiian Islands.

### Single Tax Lecture.

The seventh of the series of twenty-  
lectures of the Manhattan Single  
Tax Club was given to-night, says a  
late New York despatch. Congress-  
man James G. Maguire of California  
spoke on "Hard Times." He said  
that the earth was created for all  
mankind, and to satisfy all the wants  
of man, but creative benefit ceased  
when men parceled it out and dis-  
tributed its boundless resources at  
their own will. Statistics show that  
the entire world could be supported  
by the production of cereals from  
the Mississippi and Ohio valleys.  
Those who are not owners must have  
access to land and its fruits or they  
must die. The speaker said he did  
not blame the landlords, but the  
system. He thought it the duty of  
a man to take advantage of the sys-  
tem while it existed, and seek to be-  
come a land-owner and not remain a  
slave. It was, therefore, the duty of  
men to attack the system of land  
tenure, not the individual who has  
profited by it.

### Ringed Noises

In the ears, sometimes a roaring,  
buzzing sound, are caused by cal-  
cari, the exceedingly disagreeable  
and very common disease. Loss of  
smell or hearing also result from  
catarrh. Hood's Sarsaparilla, the  
great blood purifier, is a peculiarly  
successful remedy for this disease,  
which it cures by purifying the  
blood.

Hood's Pills are the best after  
dinner pills, assist digestion, pre-  
vent constipation.

## Timely Topics

January 19, 1895.

Electricity and the methods  
of handling it may be reckoned  
among the greatest of the  
world's wonders: such advance-  
ment has been made with it  
during the past few years, that  
it is difficult for even electri-  
cians themselves to tell where  
its uses will end. No one  
would have believed a few  
years ago that anything that  
moved so rapidly could be  
measured, and yet it is, and  
the people who have meters in  
their houses realize it. Every  
year brings us greater knowl-  
edge on the subject; and with  
it comes a desire to go deeper  
into the mystery. A few years  
hence there may be appliances  
with the aid of which we may  
come down town without ex-  
ercising our limbs at all; there's  
nothing impossible in electrical  
science after what has already  
been accomplished.

A plantation manager called  
on us the other day in search of  
plows, and when he examined  
them he remarked that "the  
stock is not only larger than  
the other dealers combined,  
but that the plows were of a  
better quality." It was no trou-  
ble to sell him just what he  
wanted. The demand upon  
us for plantation implements  
is always at the top notch, and  
for that reason we always keep  
a good stock on hand.

Among plantation supplies  
we can truthfully say that our  
Hendry Breaker and Double  
Furrow plows have filled a  
want, and every manager who  
has them on his plantation tells  
us they are the best plows he  
ever had on his place. Our  
stock of the Hendry Plows,  
bath Breaker and Double Fur-  
rows, is large, and we can sup-  
ply any demand that we may  
have. If you will compare  
their capabilities with other  
plows you will see where they  
are superior.

Every plantation on the Isl-  
ands uses fertilizer to a greater  
or less extent. If you doubt it  
drive out Kalihi way and see  
the immense works of the Pa-  
cific Guano Fertilizer Co. The  
difficulty the plantation man-  
ager has had to contend with in  
the use of fertilizer is to secure  
an implement that will distri-  
bute it economically, yet thor-  
oughly. We believe our Avery  
Distributor is the most perfect  
machine for the purpose ever  
put on the market. This has  
been in use on the plantations  
of Louisiana for a long time,  
and is now being used with  
great success on Hawaii. By  
the use of this machine there  
is absolutely no waste of ma-  
terial, and nine acres can be  
thoroughly covered in one day  
by one man. It means econo-  
my to the plantation that uses  
it both in labor and material.  
The Avery Cane Cultivator is  
another machine that is mak-  
ing its inroads on the planta-  
tions here after a thorough trial  
in Louisiana. We have sold  
several of them on Hawaii and  
the parties using them seem  
perfectly satisfied with their  
purchase. We believe this  
machine is destined to be ex-  
tensively used wherever sugar  
cane grows.

We have made arrangements  
for the handling of the cele-  
brated Pasteur Filters so much  
used in the United States in  
places of business, public in-  
stitutions and private residen-  
ces. These filters are rented  
or sold outright as people pre-  
fer. One of them is now in  
use at the Queen's Hospital,  
and after a careful trial by a  
Honolulu physician, says:

"I have examined the 'Pasteur  
Filter' manufactured by the Pasteur  
Chamberland Filter Co. I consider  
it to be the most efficient filter I have  
ever seen."

Anyone desiring to examine  
one of the filters at their resi-  
dence may communicate with  
us, and Mr. H. L. Thiron will  
call upon them and fully ex-  
plain the working of it.

## ALOHA TOOTH POWDER

is head and shoulders above all other Tooth  
Powders.

We sell more of Aloha Powder than all  
other Tooth Powders combined.

With Aloha Powder you are sure of a den-  
tifice that will effectually whiten the teeth with-  
out any harmful effects. It is agreeable and  
pleasant to use. Try it once and you will never  
be without it.

Said a customer: "Your Powder seems to  
be better than any I have used. I have never  
had any irritation of the gums since using it. I  
have my children use it also."

That's the whole story. It came volun-  
tarily. A bottle of Aloha Powder will convince  
you of the correctness of this customer's opinion.

A Map of the Hawaiian Islands will  
be given with each bottle as a premium. This is  
a handsome Lithograph Map, is about 8 by 10  
inches in size, and shows clearly all the Islands.

## HOBRON DRUG CO.

## National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.

Mr. J. H. A. Scott, Manager of the Hilo Sugar Company, gives the follow-  
ing wonderful record of the working of the NATIONAL CANE SHRED-  
DER, which was erected by their works at the commencement of the crop  
just harvested:

"During the past week the Hilo Sugar Company's mill exceeded any of  
its former records by closing the 125 hours grinding with an output of 3004  
tons. This is fully 10 percent more than the best work of former years.

"The three roller mill being 26 in. by 54 in. and the two roller mill 30 in.  
by 60 in. The first mill doing this amount of work in an efficient manner  
and with great ease, compared with work on whole cane, owing to thorough  
preparation of the cane by the National Cane Shredder, recently erected by  
the Company.

"And by its use the extraction has been increased from 3 percent to 5 per-  
cent on all kinds of cane, and in some cases 80 percent has been reached;  
the average being 75 to 78 percent, according to quality.

"I continue to find the megas from shredded cane better fuel than from  
whole cane.

"The shredder has been working day and night for seven months and has  
given us entire satisfaction, having shredded during that time about seventy  
thousand tons of cane, and a large part of it being hard ratoon.

"The shredder and engine require very little care or attention."

Plans and specifications of these Shredders may be seen at the office of
